

2017 On-Demand Scoring: climate change, water and forests

CDP, in conjunction with our scoring partners, ADEC Innovations and South Pole Group (SPG), is offering On-Demand Scoring for 2017. This service provides official climate change, water, or forests scores to companies that miss the June 29 submission deadline.

By commissioning a CDP On-Demand Score, your company will receive:

- ▼ A score that grades and quantifies the completeness, quality, and environmental management performance of your CDP disclosure. The 2017 climate change, water, and forests scores are aligned and presented in the same format.
- ▼ A feedback chart plotting your score against your sector benchmark.
- ▼ A performance review call, upon request, with ADEC Innovations/SPG to discuss the score in more detail and identify areas for improvement.

By default, the On-Demand Score is private and confidential to your company. If you would like the score to be public on CDP's website and reports, you must request and confirm this with CDP. A private score may be communicated externally if your company wishes to do so; for example, in your annual sustainability report. To be eligible for the A List, On-Demand Scores must be public.

On-Demand Scoring is available from July to December 2017. The fee for the On-Demand Score is US\$1,850 (in other currencies: £1,350 or €1,650) and can be paid by invoice (or credit card for non-North American companies). The fee applies per program: climate change OR water OR forests. Multiple On-Demand Scores for multiple programs will incur multiple fees.

To confirm your request for 2017, please email scorefeedback@cdp.net with "On-Demand Score" in the subject line.

In order for an On-Demand Score to be included in CDP reports (e.g. the A List) the response must be submitted and the On-Demand Score requested by July 14 2017. Failure to do so will result in your submission being scored after the global score launch on 24 October 2017.

If you are a consultant working on behalf of a company, please note that the request for the On-Demand Score must come directly from a company contact and not from a third party.

If you have any questions about On-Demand Scoring, please contact scorefeedback@cdp.net. We look forward to hearing from you.

Kind regards,

James Howard
