

# Clear direction on clean energy and carbon reduction

Defining and executing a carbon reduction and renewable energy strategy is complex. At 3Degrees, we work with clients at every stage of their journey, mapping out options and executing transactions that both mitigate risk and achieve goals.

## 3DEGREES PRODUCTS AND SERVICES

### A Continuum of Products and Services

From goal setting advice, to REC transactions, to sophisticated power and carbon deals, 3Degrees does it all.

#### \*CONSULTING SERVICES:

- + Energy assessments
- + Scenario planning
- + Goal setting
- + Implementation services
- + Disclosure and reporting
- + Scope 3 actions plans

“The team from 3Degrees has been instrumental in helping us set goals, develop a strategy and implement projects. With their help we have been able to find new ways to invest in renewable energy that meet our business objectives.”

**DR. NICOLA PEILL-MOELTER**

*Akamai Senior Director of Environmental Sustainability*

## Sustainability leaders focused on your success

- + We work with companies looking to address some or all of their global Scope 1, 2 and 3 greenhouse emissions.
- + Our work spans all stages of the sustainability journey from initial assessments and goal setting to more complex renewable energy and carbon transactions.
- + Whether international or domestic, big or small, our clients include private and public businesses, cities, universities and non-profits.
- + As a team of sustainability experts, renewable energy developers, wholesale energy market experts, engineers, scientists and financiers, we bring unparalleled experience to our customers.
- + We are both strategists and implementers, capable of taking on almost any project. We pride ourselves on being able to transform complicated issues so that they are easy to understand and actionable for our clients.

### Our partners:

### 3DEGREES BY THE NUMBERS:

Founded 2007

1.4 GWs of renewable power transactions completed
